

ACTIVITY 1.6.2

Now, turning to the situation in your specific country, earlier you were asked to locate and review the chapter of the research study that applies to you. When you have done so, read it and summarise the main points in response to the following questions:

- What are the main unemployment trends in your country?
- What are the unemployment patterns amongst different groups (e.g. young people, minority groups, women and men)?

- What services are funded by the public sector to support job seekers in your country?

- What are the main perspectives of employers, according to the research?

- What are the main industry agencies that operate in your local economy? Chamber of Commerce? Sectoral bodies?

- How familiar are you with the job brokering case study in the research? Do you know of other examples?
